

Peter Non

//gravity distortion and time displacement.//

fall // winter 2013

20:00:
I look at a blank sheet.
I think. And think.
The vacuum creates stress, tension builds, reaching disappointment.
Full stop.
Curse. I feel dizzy.
I feel surrounded by a concentric movement.
Inch by inch I fall and sink.
The pressure is strong enough to take everything else with it.

I feel my back in contact with the ground.
Narrowed eyes looking at the sky.
I see an open expanse.
I see the horizon, long.
A feeling of emptiness.
"Where am I?" I think.
"Where am I!" I cry, and an echo answers me, syllable after syllable.
"In-the-time-of-no-one".

19:59
I look at a blank sheet.
The words move and go beyond, beyond time.
Where there is no time and where there is no-one.
Where life goes on without rhythm.
What are days, hours, minutes?
They no longer exist.
Over time there is silence and everything is reset.
The vacuum is no longer frightening.
It involves and becomes essence.
In no-one's time there are no limits.
The vacuum creates space and makes us free.

Change points of view, move efficient processes from areas not directly coherent, send details and processes in space and time, apply functional properties to emotional contexts, overturn the point of view of things, dig beneath the surface.

The Peter Non FW13 collection is the result of this path of search. New models and new bases, made of materials rich in patterns and themes of perception that are not always immediate. Aged leather, textured and advanced technical materials for durability and breathability.

Pigments that modify the optical properties as a function of temperature and innovative and sustainable organic based tanning.

LUCIO VANOTTI x PETER NON

Lucio Vanotti interprets the Peter Non shoe as a soft second skin, as a natural protection of the foot. The result is a winter sock wrapped in rubber bands, inspired by the shape of the sandal.
